ARE STILL SPREADING ARRAY OF LAWYERS

Illinois Central to Take on Six More Roads

One Man Killed and Seven Hurt in a Southern Railroad Wreck.

MISSISSIPPI MAN KILLED. ABOUT 200 WITNESSES

AFTER SIX NEW ROADS.

Chicago, Sept. 29—Six railroad properties which are now operated under leases will soon be purchased by the Illinois Central railroad company and their mileage added to the total of that system. Notice is given in the 53d annual report, which shows gross earnings of over \$15,000,000, that a special meeting of the stockholders will be held November 14, when a proposition for the purchase of the following railroad companies will be submitted: Rantoul railroad company, extending 66.21 miles, from Leroy to the Indiana state line; Illinois and Indiana railroad, 56.50 miles from Effingham to the Indiana state line; St. Louis and Ohio river railroad, 17.20 miles, from Reevestown to Golconda; Christopher and Herrin railroad, 4.80 miles, from Christopher to Zeigler; Monoids and Olive branch railroad, 10.80 miles, from Monoids Station to Olive Branch; Groves and San Ridge railroad, 17.26 miles, from Groves to Sand Ridge.

ONE KILLED, SEVEN HURT.

Chattanooga, Tenn., Sept. 29—Cincinnati Southern passenger train No. 2, ran into a cow going into Glen Mary, Tenn., 120 miles north of Chattanooga, and the engine, two mail cars, baggage cars and express cars left the track and rolled down a steep embankment.

Engineer Frank Parker of Chattanooga, was instantly killed and seven men badly injured, two fatally.

The dead:

Engineer Frank Parker of Chattanooga.

Injured:

J. A. Newton, mail clerk, Chattanooga, fatally.

J. E. Edington, mail clerk, Chattanooga, fatally.

O. P. Sherman, mail clerk, Chattanooga, may recover.

H. G. Dykes, mail clerk, Chattanooga, back sprained and internal injuries.

W. H. Roakes, express messenger, Chattanooga, slight.

— Stont, baggeman, Sale Creek, Tenn., slight.

H. E. Martin, fireman, Chattanooga, foot mashed, internal injuries.

A DESPERADO KILLED.

Mr. Olive, Miss., Sept. 29—"Wild Jack" Sullivan, one of the most notorious members of the Sullivan of Sullivan's Hollow, a celebrated locality in Smith county, near here, met his end a few miles from this place. It is claimed by people around him that he accidentally dropped his pistol from his bosom and it exploded, killing him. A boy was the first to reach him and he called on him to pray for him, but, the boy hesitating, he was obliged to offer his long-deferred supplication himself which he did. The theory of accidental killing, however, is not generally accepted. It is believed by many that he was killed from ambush to settle scores of long standing.

PASSED IT ALONG

MESSENGERS HAVE MUCH FUN WITH OLD HAT.

An old battered derby hat which was started out of Evansville some time ago, passed through the city today and was sent to Louisville from this office of the American Express company. Every messenger who gets the hat puts a tag on it telling where the hat has been and it presents quite a curious appearance.

Mrs. Lee Rose left today for Louisville to attend the annual convention of the Kentucky Vtari Co., N. Y., which will be held 30th Sept., 1st and 2nd of October.

IS A FEATURE OF THE BIG TILLMAN MURDER TRIAL

The Prisoner Pleads Not Guilty and the Taking of Evidence Begins.

LEXINGTON, S. C., Sept. 29—James H. Tillman, formerly lieutenant governor of South Carolina, is on trial now for the murder of N. G. Gonzales, editor of the Columbia State.

Probably never in the history of this judicial circuit has there been so great an array of counsel engaged in the trial of a case in the circuit or perhaps in the entire state. The solicitors were assisted by five attorneys, while the defendant has eleven lawyers, with G. W. Croft, a representative in Congress from Aiken, as chief counsel, conducting the defense.

G. F. Boland, a member of the Columbia police force, was the first witness. He said he took Tillman to the police station in Columbia from the scene of the shooting on January 15, describing where Tillman was standing in the street with reference to Gonzales. He testified that Tillman said to him:

"I received Gonzales' message." The witness said he asked Tillman, "Did you shoot Gonzales?"

He said Tillman replied that he did.

He said the defendant carried a pistol in his hand and that another was found in his pocket when the station was reached. Tillman, he said, wanted to keep the pistol for his protection until the station was reached, but the witness insisted on taking it. He said Tillman was walking diagonally across the street when he first saw him, and was looking toward Gonzales. The two pistols were exhibited to the witness for the purpose of identification. One was an automatic pistol, and it was this, one the witness said, which Tillman held in his hand.

On cross-examination he said Tillman submitted quietly to arrest and in accompanying him to the station.

W. H. Coleman, sheriff of Richland county, identified the pistols as those turned over to him.

J. F. Walker, clerk of Richland county, was asked to demonstrate to the jury the working of the automatic pistol. An overcoat and suit of clothes were exhibited, and were identified by J. A. Hoyt, Jr., and T. G. Wood, Jr., members of the editorial staff of the state, as garments worn by Mr. Gonzales. The attention of the jury was drawn to the bullet holes in the coat and overcoat. The cross examination of witnesses by the defense was brief.

It is estimated that there are about 200 witnesses to be heard.

WILL RETURN IT

MAYOR YEISER INTIMATES HE WILL GIVE MR. TERRELL HIS CHECK.

Mayor D. A. Yeiser, to whom the matter of deciding whether or not to return to Mr. E. O. Terrell his check, stated this morning that while he had not thoroughly investigated the matter, he believed that the check would be returned, as Mr. Terrell had agreed to sign the contract the specifications outlined for, but not the one solicitor Worton had drawn up.

This is believed to be an admission that he will return the \$500, although he has not stated positively that he will. The matter was referred to him at the last meeting of the boards. The aldermen voted to retain the check which was given as a guarantee of good faith when the contractor first bid on the brick streets, but the council voted to return it.

Frankfort, Ky., Sept. 29—Governor Beckam today issues a call for a special election November 10, to elect the late Congressman Boreing's successor.

CUT INTO FUNERAL THE CHANCES GOOD

Local Odd Fellows to Take up Local Man to Attend Central League Meeting at Evansville

Committee Appointed to Confer With Paducah Desires to Get Into a Larger League Next Year.

There has been much complaint of late in regard to motormen on street cars breaking into funerals, and the local lodges of Odd Fellows have taken the matter in hand and appointed a committee to call on the street car management and see if some relief cannot be secured.

Sunday while the funeral of the late Capt. T. P. Carter was on its way to the cemetery a car came near running over Messrs. Harry Hank, M. Rosenblatt, H. Cockrell and Earl Johnson, Sixth and Court streets. The gentle-

men thought the car would stop for the procession and did not attempt to get out of the way, but it broke through and narrowly missed striking them. They went to an attorney to consult relative to securing a warrant against the motorman but the attorney could not find the ordinance, and they were informed that there was no ordinance against it.

Inquiry at the city hall today, however, elicited the information that there is an ordinance against interfering in any way with a funeral procession, with heavy fine for a violation. This will probably make the conference with the street car people unnecessary, as warrants can be taken out for violations. Usually the motormen wait for a funeral to pass, but one Sunday was evidently a new man.

Postmaster R. H. McGuire and Col. Blount Lodge, of Smithland, Ky., were in the city today.

RICHARD FRALIX BROKE HIS LEG AND SPRAINED HIS ANKLE.

Richard Fralix, aged 11, fell from an ice wagon at Fourth and Norton streets this morning and broke one bone in his right leg and sprained his right ankle. Dr. J. W. Pendley attended him.

The Secretary is Ready to Quit—Sheriff McKinney Turns Republican.

BROUGHT BACK TO LIFE.

SECRETARY IS SORE.

Owensboro, Sept. 29—Secretary Shropshire, of the state fair, left for Louisville this morning. He had no further statement to give out beyond the fact that the shortage in guarantee fund would not be less than \$12,500. Says this is his last year with the state fair and complains bitterly of the treatment he received, and declares no part of the failure of the fair is chargeable to him.

AND STILL THEY COME.

Covington, Sept. 29—"From now on I am a Republican, and I intend to vote the Republican ticket from governor down." Thus declared Sheriff McKinney, the leader of the faction in Kenton Democracy that was routed at the primary last Saturday. Sheriff McKinney made his declaration in the presence of a big crowd, after he had discharged as deputy sheriff, George Kruse, who was nominated for city clerk.

WAS NOT DEAD.

Jackson, Sept. 29—Elijah Bolin, the slayer of Boyd Griffith, and confined in jail here, was not dead last night as reported, though he was pronounced dead by three physicians. His heart stopped beating at 6 o'clock and there was no sign of life for fully twelve minutes, but by artificial respiration he was brought back to life and lived all night only to die after daybreak.

LIQUOR DEALERS MEET.

Lexington, Ky., Sept. 29—The Retail Liquor Dealers' League of Kentucky met in annual session here today. The purpose of the meeting is to discuss the liquor traffic, to devise ways and means for betterment of trade and of eliminating the handlers of inferior grades of liquor.

London, Sept. 29—Sir James Thompson Ritchie, brother of the late chancellor of the exchequer, was elected lord mayor of London today.

MOTORMAN'S SHAVE

NARROWLY ESCAPED BEING PAINFULLY BURNED.

A trolley wire broke on the depot line between 11th and 10th streets on Tennessee this morning about 11 o'clock and suspended traffic for some time. Motorman Ed Russell was on the car and narrowly escaped probably fatal burns from the electric, the wire wrapping about the big No. 101 street car and missing him only a few feet. Had it not been for a hook on top of the car which caught the wire, he would have been struck and probably fatally shocked.

THE TIME CHANGED.

MAJOR OWEN TO SPEAK HERE AT NIGHT INSTEAD OF AFTERNOON.

The time for Major W. G. Owen's speech has been changed from 1 p.m. to 8 p.m. at the county court house in Paducah. It is certain a larger crowd will hear him in the evening than could get off at 1 p.m., and the change was accordingly made from afternoon to evening.

Mr. Charles Loftland went to Murray this morning on business.

REGULAR BALLOTS

Will be Used in Deciding the Bond Issue.

Mayors of Other Second Class Cities

Say Bonds Are Thus Voted

AMENDS THE BOND ORDINANCE

The municipal legislative boards

decided last night that the vote on is-

sing \$200,000 in city bonds for im-

provements should be on the regular

ballot used at the November

election.

There had been a conflict of opinion

relative to this point, and the alder-

men had ordered the county clerk to

prepare the ballots for the vote and

the council the city clerk.

Mayor Yeiser last night called the

boards together and the following

were present: Aldermen Durrett,

Kirchoff, Starks, Chamblin, Singleton

and Smith, and Councilmen Potter,

Hannan, Brooks, Gilson, Fowler,

Johnson, Jackson, Greif, Hummel

and Taylor. President Durrett, of the

upper board, was chosen to preside over any one else to. As the matter was over those present as a committee of not mentioned in the call, however, no action was taken.

The mayor stated that as one board thought the ballots should be separate and the other that the vote should be on the regular ballot, he had gone to the trouble to write Mayor Johnson, of Covington, Mayor Duncan, of Lexington and Auditor Silver of Newport, how the vote on bonds is taken there, and all state in their replies that the vote is taken in other second class cities on the regular ballot.

Alderman Stark, however, had a reply sent to a letter written by Solicitor Worren to Attorney General Pratt which stated that the secretary of state had decided such votes are taken on special ballots. It was signed by Assistant Attorney General McKenzie Todd, however, and as the evidence was so much the other way, the council decided that the bond issue vote should be taken on the regular ballot, and on motion of Alderman Greif the county clerk was ordered to arrange for having the question on the ballot.

A protest was then read from the Red Men against granting James McNulty a transfer of coffee house license to Fourteenth and Court streets, near the carnival grounds. The Red Men decided to have no German village, and as they refused to have a saloon nearby themselves, do not desire

INCENDIARY WORK

ATTEMPT MADE TO BURN WORLD'S FAIR BUILDING.

St. Louis, Sept. 22.—It is believed that an attempt was made Sunday night to burn the Agricultural building at the World's fair, one of the largest exhibit structures now in the course of erection there. One of the Jefferson guards observed a man acting suspiciously about the building. He attempted to arrest the man, who escaped, although several shots were fired at him.

Guards thoroughly inspected the building and near one of the walls found straw and kindling saturated with oil. The would-be incendiary is believed to be an Italian workman who was recently arrested and fined for trespassing on the World's fair grounds.

OTHER KENTUCKY HAPPENINGS

SERIOUS CHARGE

Hopkinsville, Ky., Sept. 29.—Officer W. H. Nixon has for some time been acting as special detective on a complaint from the L. and N. Railway company that goods were being stolen from the company's freight depot. The investigation has resulted in unearthing an alleged organized band of thieves, and three of the most prominent negroes in town have been arrested. Buck Thomas, a transfer driver, is charged with stealing boxes of coal while removing goods from the depot and turning them over to Fletcher Warder, a porter for a tobacco company who, it is alleged, concealed and disposed of the articles. Jake Williams, a merchant, is charged with being implicated and with selling the stolen goods, which consisted of dry goods, groceries and liquors amounting to several hundred dollars. Several packages were recovered from Warder's house and from his room downtown. The three men are under bond to appear before the grand jury Wednesday.

Bowling Green, Ky., Sept. 29.—The infant child of William Thomas died of scarlet fever, making the fourth death of that disease within the past month. There are now about twenty cases of scarlet fever in the city and county, many of which are very malignant. Many children are stopping school on account of the epidemic and the health officers seem powerless to check the spread.

MISSING HIS TRAIN.

Hopkinsville, Ky., Sept. 29.—Judge James Campbell, of Paducah, who was appointed special judge to preside at the fall term of circuit court, missed connection yesterday morning and failed to arrive in the city to open court at the usual hour. Lexington, S. C., Sept. 29.—J. H. Tillman, former lieutenant governor of South Carolina, was arraigned in the circuit court for Lexington county yesterday under an indictment charging him with the murder of N. G. Gonzales, editor of the Columbia State.

The trial is being conducted on behalf of the state by Solicitor Thirmand, assisted by five other attorneys, while eleven lawyers with Judge Croft as chief counsel, appear for the defense. Judge Frank B. Gary is presiding. The courtroom was fairly filled, but not crowded, when Solicitor Thurmond announced that the state was ready to proceed with the trial. The impaneling of a jury was begun immediately after the arraignment, the names being drawn from a box by a six year old boy in accordance with custom.

WOK SLOW

FIRST SHIPMENT OF BRICK IS EXPECTED IN A FEW DAYS.

Work on North Second street, which is to be the first paved by Contractor Terrell, is progressing slowly at present, as the hard gravel crust has to be removed before the excavations can be made. The storm water sewerage to be placed in the side of the street, as on Broadway, will also require considerable time, and it seems all the material has not even been purchased.

Contractor Terrell has forwarded to the Bannon brick company an order for 80,000 brick, or ten car loads, which are expected shortly.

Mrs. A. A. BALSLEY will have her fall millinery opening Wednesday, September 30 at The Eley Dry Goods Co. A beautiful assortment of French patterns will be on exhibition.

WILL SIFT IT DOWN

Marshall County Grand Jury to Investigate Fraud

Judge Reed says the Alleged Irregularities at Heath Will Be Investigated.

SEEMS TO SUIT BOTH SIDES

Attorney William Reed went to Benton this morning to act as special judge for Judge L. D. Hinsdale who is ill and not able to hold court. Judge Reed said the alleged ballot frauds will be thoroughly investigated.

Those who accompanied Judge Reed are Attorneys Mark Worton, George Oliver, W. A. Berry, Frank Lucas and L. P. Palmer. There are several important cases to be tried, the most important in the criminal court being the Cox-Burtram alleged poisoning case.

There are two damage suits to be tried at this term which will be watched with interest. They are the cases of Gregory against the I. C. and Dodd, Admr., against the N. C. and St. L. railroad, both being for \$25,000 damages.

Judge Reed stated at the depot to-day that the grand jury would be instructed to investigate the alleged election fraud, probe it to the bottom,

and see if there was really anything in it and if there is "to explode it."

It has been claimed all along that if any offense was committed it was in Marshall county not McCracken. It is said that Mr. John G. Lovett and his friends are auxiliaries to the grand jury to take it up at once. He states positively that he nor any of his friends had anything to do with any bogus ballots, and that he wanted them all summoned before the grand jury to vindicate themselves.

Said a prominent lawyer today: "Many people do not seem to understand this ballot case at all. If there were bogus ballots in the box at Heights when it was opened and the vote counted by attorneys of both Mr.

ALLEGED SWINDLERS

Caught in Evansville for Deceiving.

Many Were Victimized By the Shrewd Young Men.

The police department this morning received from Evansville, Ind., photographs and descriptions of two slick swindlers who have been operating in Evansville. They pretend to be agents for various magazines, none of which magazines have agents of this character, and collect a dollar or promise to send the paper for a year, with 25 tissue paper patterns. They sometime receipt for the money, and always sign different names. One man goes by the name of James Seymour-Adams, E. B. Johnson, alias Jack Johnson, of Kankakee, Ill.

The other goes by the name of Jerome Connel, alias T. S. Mahan, alias Dusty Miller, of Nashville.

They were cleverly trapped in Evansville and the Evansville police are now trying to score evidence against them in other cities, so they can be permanently retired from the business. It is not known how much money they have scored by their methods, but it is believed they seldom get less than between \$150 and \$300 in every city they visit, and they seldom remain in any one place over three days. Evansville is an exception. They have taken up permanent headquarters there. Lieutenant Harlan says that such swindlers have often visited Paducah in past years, and five or six years ago, after he had warned his own wife against some of them, supposed to be here, they went to his house and by the smooth talk they put up defrauded her out of a dollar for one of the magazines.

DAILY THOUGHT.

Eloquence is made up at once of individuality and of sympathy; to live much in ourselves, to live much in others—such is the double condition of powerful speaking.

THE WEATHER.

Partly cloudy tonight, rain in the west portion by Wednesday with warmer and rain for Wednesday.

A BUSTED COALITION.

The Populists announce that they are through with Democracy. Former Senator Butler, of North Carolina, who is perhaps the most prominent of the old Populists, probably realizes the hopelessness of the cause, as he announces he will retire from the chairmanship of the Populist committee after the next convention.

Butler declares the party is still in existence, and will have a ticket in the field. He realizes, however, that the gold men are in the ascendancy in the Democratic party, and this is one of the principal reasons the Populists decided recently to have out an independent ticket and to decline to fuse with any party.

Mr. Bryan's Populistic tendencies are what enabled him to make the showing he did in his two previous races. Now Democracy has tired of him and Populism, and Populism has tired of Democracy.

The middle-of-the-road contingent will have to get back in the middle of the road. Thus both parties will be perceptibly weakened.

Mr. Butler is quoted as saying: "There is no doubt that the gold men will control the Democratic party.

It will be the Cleveland influence. Of course, it is not possible to tell whom these forces will nominate, but that will make no difference. The candidate and platform will be such that Populists who voted for Mr. Bryan can not go with them. I can not tell whether Mr. Bryan will stay with the Democratic party, but I am sure of one thing—whatever may be his influence in the national Democratic convention when that convention has acted he will not be able to keep his following in line for the Democratic candidate."

CORNER ON GARDEN TRUCK.

The farmers, those strenuous foes of the "trust," have seemingly themselves been impressed with a few of the fine points about "the octopus." A number of those in Minnesota will meet October 6 at St. Paul to assist in uniting the various farmers' organizations into the "Farmers' National Cooperative Exchange company," a national concern to regulate the marketing of the farm products of the United States and backed by the mere trifle of about \$30,000,000 in capital and 500,000 members. At the coming convention the organization work inaugurated recently in Chicago will be extended to Minnesota and plans laid for the handling of Minnesota agricultural products by the farmers' trust.

The "Co-operative" company will virtually be a trust, although it may be partially disguised by the euphemism "co-operative exchange." It is claimed the object is to "plan the establishment of elevators, warehouse, stockyards and other facilities and control the volumes of farm products seeking a market. It is proposed to regulate the "visible supply" and to hold it back during times when prices are low."

In other words, it will be a good thing for the farmer, if successful, and will enable him to make prices to suit himself. But it will not be very beneficial to the consumer. If there are more consumers than producers of such products, then a greater number of people will suffer than will be benefitted, but was the farmer ever known to care how much people, whether rich or poor, had to pay for what they eat?

There are various kinds of "trusts," if the papers are to be believed, but few of them are as large as the farmers' trust is successful will be.

America has no place for professional beggars. The move in the large cities to establish a gallery of beggars, similar to the rogues' gallery, will have a most beneficial effect and prevent the practice of much imposition on the unwary. A professional beggar is really a rogue, but he doesn't get his picture in the rogues' gallery because he does not violate the law, but simply imposes on the credulity of people. His picture in the galleries of all the large cities will prevent in the future a great deal of the mischief he now does.

The people of this county may expect a treat when Major W. C. Owen speaks at the county court house October 8th. The time has been changed to 8 p. m. in order that the business

THE SEARCH STOPS

THE RIGHT THING HAS BEEN FOUND. A PADUCAH CITIZEN SHOWS THE WAY.

Once more we are indebted to a citizen for a public statement that throws more light on a subject of ever increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony, and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following:

Mr. H. L. Blackford, of 615 Washington street, carpenter by trade, says: "It struck me when reading a notice about Doan's Kidney Pills that if they performed half what they promised they might cure my kidney complaint, which annoyed me in the shape of backache. I went to Dr. Bois & Co.'s drug store, got a box and commenced the treatment. If it had not benefitted me I never would have bought a second, and if the second had not brought undoubted results I could not be induced to recommend Doan's Kidney Pills to friends and acquaintances personally, much less publicly."

For sale by all dealers. Price 50 cents. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's, and take no substitute.

men and others in the city may hear him. Major Owen has won much praise throughout the state for his handling without gloves the vampires who are sucking the life blood of the Commonwealth, and it is certain a large crowd will be on hand to hear him when he comes to Paducah.

Who said the people of Louisville are fond of water? 113,698 went on excursions out of the metropolis during the summer, according to the excursion inspector. These were carried on 215 excursions and 30,296 were colored people.

Judge S. W. Haiger says more work has been done by the Democratic state campaign committee this year than by any previous committee thus far in advance of the election. This shows the Democrats realize they are up against it.

Alabama has undertaken to settle in part, at least, her labor troubles. The senate has just passed a bill prohibiting boycotting, blacklisting, bans or picketing.

DRESS DRILL TONIGHT

PADUCAH SOLDIERS WILL NOT GET AWAY BEFORE TOMORROW.

Tonight company I., the local state military company, will have a dress drill in front of the B. W. Woffle store and all interested in drill work will be invited to see the work.

The Paducah company is perhaps as well drilled as any in the entire command and the boys intend to carry away a few medals for their work at West Point.

Captain James Caldwell has not yet received orders to go to West Point but is waiting for them and stated this morning that he was positive now that the company would not be ordered away before the morning of the 30th.

Fifty Craig-Jorgenson guns arrived this morning for the local military company and the boys will be seen with them tonight for the first time.

The guns are of the latest model type and are the most effective weapon manufactured.

The drill tonight will be the last given here before the departure of the company to West Point.

Y. M. C. A. NEWS

NEW PHYSICAL INSTRUCTOR ARRIVES TOMORROW.

Mr. H. E. Steele, of Argentine, Kansas, the newly appointed physical instructor, will arrive tomorrow afternoon from Galena, Ill., where he has been for the last few weeks, to assume charge of his duties here. The gymnasium classes for men and boys will open next Monday and the ladies' class will likely be installed a week from Monday.

The woman's committee of the Y. M. C. A., met at the association building yesterday afternoon and decided to abandon the entertainment intended for next Thursday evening and give one of a very unique character, October 15 in the association parlors. It will be known as the "Peddlers' Parade" and will have some very novel features.

The annual statement of the association was completed today and will be distributed in pamphlet form in about ten days. It will be nicely illustrated and attractively arranged. It will contain 40 pages.

MISTAKEN IDENTITY

TELEPHONE FOREMAN GETS WALLOPED FOR THE MANAGER.

A Cumberland telephone foreman knows what it feels like to be a victim of mistaken identity. He was summoned over the phone to a certain locality a day or two ago by a stranger.

"I want my bell," quoth the stranger.

"What bell?" inquired the foreman with a patient, puzzled smile.

"What bell?" hotly exclaimed the other. "Why, the cow bell you got off my cow. I saw the piece in the paper."

"My friend," gently and forbearingly coaxed the foreman, "you're drinking, that's all the matter with you. Or perhaps," he sarcastically added, "you've changed your brand of dope. Go home now, like a good little boy and take something for it."

Then the stranger landed, and the foreman went down for the full count.

He took his punishment quietly and heroically, because he was on bottom.

When he arose and felt of himself to see if he was all there, the stranger demanded 75 cents for the bell, and the foreman paid it over without asking any further questions or making any facetious side remarks.

The joke was that the bell that caused the rumpus was one that Manager Joynes removed from some one's cow. The bovine had kept him awake most of the night by the incessant ding-dong, and towards morning became bolder and took up her stand under his window. He had driven her out several times and the last time removed the bell, and had a notice put in the paper the next day that the owner of the bell could have it by coming after it. The irate stranger was the owner of the cow, ditto the bell, and his only fault was he couldn't distinguish between the foreman and the manager, and when Manager Joynes gazed on the profusely decorated physiognomy of the foreman, he is glad he couldn't.

Captain James Caldwell has not yet received orders to go to West Point but is waiting for them and stated this morning that he was positive now that the company would not be ordered away before the morning of the 30th.

The guns are of the latest model type and are the most effective weapon manufactured.

Alcohol in Liquid Kidney Remedies Complicates Disease

W. D. RIGGS SAVED FROM BRIGHTS DISEASE.

Aug. 21, 1903, Mr. Riggs, of 648 West 9th St., Cincinnati, O., wrote: "I suffered for some time with severe pains in my back, caused by kidney disorders. I had many of the symptoms leading to Bright's disease. I sought relief by consulting druggists and physicians without avail. I obtained some of your booklets and permitted myself to led to purchase a package of Dr. Pettingill's Kidney-Wort Tablets as an experiment. I tried the first package and was relieved at once. I shall always use them if the same trouble occurs again."

Because the Tablets can be carried in the pocket, and then taken frequently and regularly, an astonishingly large number of men and women have been cured of kidney diseases that seemed hopelessly fastened on them.

Pain or dull ache in the back is unmistakable evidence of kidney trouble.

LIKE FINDING MONEY.

LANG BROS. OFFERS POPULAR MEDICINE AT HALF PRICE.

Lang Bros., the popular druggists, are making an offer that is just like finding money, for they are selling a regular 500 bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount they agree to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy 50 cent pieces for a quarter, but that is what this offer really means, for it is only recently, through the solicitation of Lang Bros., that this medicine could be bought for less than 50 cents. They urged the proprietors to allow them to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified their good judgment, for the sale has been something remarkable.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure all these troubles. But if by any chance it should not they will return your money.

Anderson Woods, stenographer in the office of Mr. J. T. Donovan, local agent for the I. C. road left this morning for Fulton to take a position in the office of the trainmaster there. He has been succeeded here by Miss Mary Bonds.

It is absolutely reliable and never fails.

County Attorney Eugene Graves, assisted by Attorneys Charles Wheeler, D. H. Hughes, Campbell Flourney and W. A. Berry conducted the prosecution while Attorneys William Bradshaw, Jr., and John K. Hendricks appeared for the defense.

The attorneys for the defense filed an affidavit objecting to Justice Barber on the grounds that he was a warm personal friend of the prosecuting witness.

The prosecution objected to the filing of the affidavit because it had been filed too late but the court overruled the objection, saying that it was true that he was a personal friend of Col. Caldwell, but that it would not, he hoped, have prevented his trying the case according to the law and the evidence. He insisted, however, on vacating the bench, and suggested sending the case to County Judge R. T. Lightfoot's court.

The defense objected, claiming that the court could not say where the case should go. Justice Barber, in vacating the bench, then continued the case over until 9 o'clock tomorrow morning in order to look into the law. He will tomorrow transfer the case to the other division of the court.

Tickets will be good for return on all trains leaving St. Louis up to and including Friday, Oct. 9th.

SHOT IN A CHURCH

Bloody Deed of a Jealous Husband.

Nebraska Ministers Organize a Trust
—2000 Die in China From Plague.

THE LATEST AIR SHIP

La Crosse, Wis., Sept. 29—During early communion service at the German Lutheran church, just as the people were gathering for worship, Herman Rossoff, a painter, entered the church behind his wife and her mother, shot his wife twice, and then turned the weapon upon himself, inflicting a wound which will prove fatal. The woman may live.

Rossoff was married to Miss Weiss three years ago. She was a factory girl. Claiming that he refused to provide for her, she left him, returning to live with her mother. Several times Rossoff sent notes threatening to kill her if she did not return to him, but she refused.

When his wife and her mother entered the church he followed. He stepped up behind her as she entered the aisle, muttered something in her ear, and, as she turned, fired into her breast. The woman reeled and staggered, and, as she fell to the floor, he fired again, the second bullet entering her back between the shoulders.

Rossoff fled to the vestibule of the church and fired a bullet into his breast. A second struck the wall behind him. Running from the church Rossoff was captured a half block away.

The German Lutheran church is one of the most fashionable in the city, and at the time of the shooting was filled with churchgoers. The pastor, Rev. Mr. Gamm, was just stepping into the pulpit.

WANDERED MANY DAYS.

Joplin, Mo., Sept. 29—H. W. Mattoon, formerly a well known Santa Fe railroad official of Topeka, who disappeared from the mining district a fortnight ago, has returned from the mining district to Joplin. Mattoon's case is a peculiar one and baffles solution. While walking down the street in Webb City one night he was assaulted and robbed by footpads. A period of fifteen days elapsed before he recovered consciousness, when he found himself in a field near Fayetteville, Ark. His clothing was badly torn and he was in a serious condition. Mattoon was brought to Joplin today from Fayetteville. In speaking of the strange affair he said:

"It is all beyond me. I remember absolutely nothing that happened since the night of September 11 in Webb City. I must have wandered from place to place like one in a dream. I am bewildered more than any man you ever saw."

THE PREACHERS, TOO.

Lincoln, Neb., Sept. 29—The pastors of the larger Lincoln churches have signed an ironclad agreement intended to drive out all the small churches and return greater revenue to the larger, longer established houses of worship. The agreement is aimed at the exclusion of several projected new parishes. The Lincoln ministers take the stand that the field is already crowded. One of the ministers admits frankly that the organization has all the features and aims of the big trusts incorporated under the New Jersey laws.

"Too many ministers are working for small salaries," he declared. "Congregations are too small. The salaries of the best ministers are too small. A remedy is the abolition of the small churches and congregations. Bring congregations together, unite the churches contributions resulting will enable ministers to be paid better salaries and religion will advance in consequence. Our plan is to allot territory to each church, and consider that the work of the church will be within the confines settled upon. Not a minister in Lincoln doubts that the plan will succeed."

LANGLEY AIRSHIP MAY FLY

Washington, Sept. 29—Prof. Langley's airship scientists changed their scene of endeavor, when the entire force of experts put in a hard day's work in the shops of the Smithsonian Institution in this city. The nature of the work done could not be learned, as it was carried on behind locked doors and barred windows. Saturday afternoon the scientists brought to Washington from Wilewater an im-

portant portion of the Manly motor, and it is supposed repairs were made on it today. Attention was also given to the propellers, and it is believed that an additional pair of the steel frame blades were made.

A PECULIAR MIXUP.

Evansville, Ind., Sept. 29—John Lawyer, living in Daviess county, is the father of 24 children. He has been married a number of times, the second time to his first wife's sister. His son Fred was married, and after the death of his first wife married her sister. Now comes John Lawyer, Jr., who has married his first wife's sister. Three in one family have married sisters of their wives.

TWO THOUSAND DEAD FROM PLAGUE

Tien Tsin, North China, Sept. 29—Both the plague and cholera are raging at Pei Tang, a seaport 50 miles east of Tien Tsin, where two thousand and deaths have occurred during the past two months. The towns of Neher, Tsin and Tien Tsin are not yet affected.

RAISED FROM THE DEAD.

O. W. Landis, "Porter" for the Oriental Hotel, Chaute, Kan., says: "I know what it was to suffer with neuralgia, dead I did, and I got a bottle of Baily's Snow liniment and I was raised from the dead." I tried to get some more, but before I had deposited my bottle, I was cured entirely. I am tellin' de truth, too," 25c, 50c and \$1 at Dubois, Kolb and Co.

MAY BE SENATOR.

FORMER PADUCAH IS PROMINENTLY MENTIONED AT SEATTLE.

Hon. Samuel H. Piles, a Smithland boy and for many years a resident of Paducah, but now of Seattle, Wash., is mentioned as the next United States Senator from Washington state. He is being backed by many prominent men irrespective of politics and seems to stand a good show before the legislature. Mr. Piles went west many years ago and rapidly forged to the front until he had become one of the most prominent men in Washington. He was in Paducah on a visit a few months ago, and first studied law in the office of Judge W. D. Greer, now of Paducah.

DEVOURED BY WORMS.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. 25c at DBois, Kolb and Co.

The boom for Gov. Linne as a vice presidential candidate has been practically punctured by the action of the Governor himself.

French Lick and West Baden Springs

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and all accommodations are much finer at French Lick-West Baden Springs"—and this gentleman is a native of Switzerland.

The splendidly wooded hills with the cool, invigorating air of these highlands where one can enjoy rambles in the depths of the forest, or rides and drives among the numerous bridle paths and roadways, afford pleasure for those who desire rest and quiet; while at the splendid and famous one can have all the entertainment and pleasures possible at the most fashionable resorts.

Theatrical Notes.

The largest crowd of the season enjoyed "Hoity Toity" at the Kentucky theater last evening and the S. R. O. sing was out early in the evening for the balcony. A surprise in store for the patrons of the theater was the announcement on the programs of Manager James E. English and Ollie Mack's part ownership of the production. This is the extravaganza the eastern and southern rights of which Messrs. English and Mack bought last summer, and it is making a bit everywhere. There is no plot to speak of. It is one of Webber and Field's pieces, without, of course, Weber and Fields. M. La Pell Dixon, Harry West and Irving Brooks, as the three Dutchmen were the best part of the show, and whenever they appeared on the stage they kept the audience in a continuous roar. Their dialogue was bright and humorous, without a tinge of the salacious, and without any knock down drag out stunts so common in German comedy. Miss Lillian Durhain, the prima donna, is no stranger to Paducah. Her beauty, bewitching personality and exceptional voice won her many friends while she was here with the Murray and Mack show last season and the season before. She is said to have a higher range than any singer on the American stage, and her voice as well as her clever work are evidently appreciated here, as she never fails to receive an encore. She is ably assisted in the leading feminine roles by Miss Nellie Sylvester, a beautiful and talented young singer of much ability. The chorus—mostly girls—was above the average in attractiveness and training, and the costumes were very pretty. The moonlight boat scene that is a climax to the first act was very beautiful and did not receive the recognition it deserved. The music is catchy and there is not a dull moment in the production.

The Hoity Toity company left via the Cairo division of the Illinois Central for Centralia, their next stand. Wright Lorimer, who is again the leading man with Katharine Willard in "The Power Behind the Throne," tells the following story of an experience in a little New England town: "A plow family in this town had adopted an orphan, who was regarded as half-witted. He had been carefully trained as to behaviour in church, and amongst other things he had been told that it was very wicked to sleep during the sermon. So the next Sunday he filled his pockets with apples. One bald-headed old man, who invariably went to sleep during the service, soon attracted his attention. So he reached for an apple and let fly at the nodding head.

"The minister and congregation looked at the boy with indignation, but nothing abashed, he pulled out another apple and called out to the preacher: 'That's all right. You go on and preach and I'll keep 'em awake.'"

"A Thoroughbred Tramp," which appears at the Kentucky Thursday night is claimed to be one of the best comedies on the road. The story of the play deals principally with the troubles and sorrows of the tramp. T. Rush Thompson, though through the comedy there is a strain of sadness, the history of a wrecked life, a fall from fine raiment to the rags and tatters that proclaim him to be nothing but a tramp, a turn from the associations of refined people to that of the class who beat their way from place to place, drifting with the season. The play is a new one and said to be thoroughly entertaining from start to finish.

The Al. W. Martin Ten Nights in a Bar Room show, passed through the city today at noon enroute from Metropolis to Hopkinsville. It will return here and show Friday. This is the only play the company presents.

Gertrude Coghlan opened her season at Altoona, Pennsylvania, in "The Last of the Boisseaux," a romantic drama which was written by her father, the late Charles Coghlan, and she scored a tremendous hit.

"The Road to Frisco," a western play by Owen Davis, is expected to be one of the big successes of the season. Elizabeth Breyer will be featured as Nell, the ward of Little Canyon.

Miss Lillian Lancaster, of Paducah, has joined the Vernon Stock company in New York.

The Eagle Packet company, of St. Louis, is going to build a new boat and will rebuild the steamer Gray Eagle. The new boat, which is to be built by the American Rivers Shipbuilding company of Jeffersonville, will be about the size of the Capo Girardeau. The Gray Eagle will have an entire new Texas and pilothouse placed on her. The Texas will extend the entire length of the boat and will be used for passengers exclusively.

Harry Hughes, of Duquesne, has completed work on a patent which may make him wealthy while at the same time revolutionize the present methods of unloading coal, sand and other materials from barges and flats in the rivers. The machine consists of a huge tank or float which can be submerged until it rests on the bottom of the stream. The flat to be unloaded is towed over it and fastened, after which the float is brought to the surface by means of electric or steam pumps, and the cargo turned partly over. The contents are dumped into chutes leading into railroad cars or other receptacles.
